# NEW DEVELOPMENT DAY

Attention REALTORS®:

**Do you represent a new development, or portion thereof? Are you or your clients looking for a great new property?**

If the answer is YES to either of these questions this is what you've been waiting for!

New Development Day will give local REALTORS® the chance to showcase their new development and let other local REALTORS® see what new and exciting properties are available. Everyone attending will get the chance to preview the hottest new developments around and get the inside scoop on what's to come.

I'm interested in presenting my new development to other local REALTORS®
